

Association of Institutions of Higher Education of the Russian Federation and Japan

HaRP: Human Resource Development Platform for Japan-Russia Economic Cooperation and Personnel Exchange

Japan-Russia Online Symposium on Medical Education

**June 21st 2021 (Monday),
9:00 – 11:15 (MSK) / 15:00 – 17:15 (JST)**

Aims and Objectives:

The importance of the cultivation of human resources in the field of medical sciences has been growing more than ever due to the continued spread of COVID-19 and emerging global health issues which need to be solved by medical experts.

This symposium sets its theme as “**The Present and Future of Medical Education in Japan and Russia**”, and brings clinicians and educators together to facilitate sharing of research, educational activities, and discussion of important current issues in medical education in Japan and Russia.

This September, Niigata University is to host “**The Third General Meeting of the Association of Institutions of Higher Education of the Russian Federation and Japan**”, and in conjunction with the meeting, “**The Japan-Russia Scientific Forum**”, focusing on the field of medical sciences, will be organized as well. Through the sharing of good educational practices in Japan and Russia, this forum will pave the way to have more detailed objectives and constructive discussion for the upcoming Scientific Forum in September.

Organizers: Niigata University, Japan and Moscow State University, Russia

Co-organizers: Specialized section in the field of Health and Medicine, Human Resource Development Platform for Japan-Russia Economic Cooperation and Personnel Exchange.

Target group: Japanese and Russian university teachers and clinicians

Language: English

Format: Online symposium via Zoom*

*Please register from the following link by June 18. The link for participation

will be sent to you individually at a later date.
